

ABOUT US

[Print This Page](#)

Home Services Group (HSG) is comprised of professionals offering services for your entire home, including your financial and technological needs. HSG matches consumers with quality services through successful networking.

Home Services Group, previously known as Success in Networking, was established several years ago by some of the current members. After utilizing the services of other professionals for their own homes, these original members would ask the businesses to become members of the group.

As professionals were added to the group more connections could be made via the new members. As a result of this networking in the business community, the group has grown to what it is today and includes services to meet the needs in several areas for your home. The group continues recruiting from various types of businesses and meets at 7:00 every Thursday morning at Mr. Beans, located on East Post Road in Marion, Iowa. The only cost involved is a small fee which covers the maintenance of the group website.

HSG members feel good about giving professional and reputable recommendations to the community, as everyone in the group has used the other business services from within the group. The members take pride in connecting residents of the Cedar Rapids, Marion, Hiawatha, Coralville, Iowa City, Iowa and surrounding areas with the most reputable, professional and dependable businesses in the area. HSG is a great way to give back to the community!
